

Facebook Marketplace Listing Pack

Four 40 ft High Cube Shipping Containers | Quality Firewood & Materials | July 9, 2026

Everything needed to post the four containers is in this pack: one ready-to-paste listing per container (title, price, category, condition, and description), the photos to upload for each in the right order, and a short strategy note. The companion document, the Facebook Marketplace How-To Guide, walks through posting step by step.

The Inventory at a Glance

Listing	Unit ID	Color	Built	Asking
Blue #1 — the cleanest unit	OCBU 501010-8	Blue	2013	\$3,200
Blue #2 — solid, some corner rust	HAHU 501846-9	Blue	2013	\$3,200
Red #1 — sun-faded, storage ready	INKU 222617-5	Terracotta red (sun-faded)	2006	\$3,200
Red #2 — work-box grade	MWLU 856483-7	Dark maroon red	2006	\$3,200

Strategy Notes

- **Post the containers as SEPARATE listings — and stagger them.** Each unit gets its own photos, its own honest condition notes, and its own listing. Facebook flags identical duplicate listings as spam, so the wording in this pack is deliberately different for each unit. Safest sequence: post the two blue units first, then the two red units a day or two later. (The alternative — one listing saying "4 available" — works too, but four listings get four chances to appear in search.)
- **Same starting price on all four: \$3,200.** Regional check (July 2026): used 40 ft containers run about \$2,200-\$2,800 at the Albuquerque and El Paso depots, so \$3,200 is a fair opening ask for a private sale — expect offers and plan to land \$2,400-\$3,000 per unit. The blue 2013 units can hold closest to full ask. Price can be edited any time, and a price drop re-surfaces the listing in search.
- **Decide the delivery answer BEFORE posting — every serious buyer asks.** The listings say "buyer arranges transport." If the yard can deliver locally with its own equipment, change that line to "delivery available within 30 miles for a fee" — hired tilt-bed delivery runs \$350-\$750 locally, so in-house delivery beats every private seller in the region.
- **Lead every listing with the long side shot, not the doors.** The full-length exterior is the photo that reads as "shipping container" in a thumbnail. Doors, interior, and data plate follow. Upload order in this pack is already arranged that way.
- **Take one more photo per container before posting: doors standing OPEN.** Only the first blue unit has an open-door shot in the current set. An open door photo is the single strongest trust signal on a container listing — it proves the doors swing and shows the dry interior in one frame.

- **Answer fast, and expect the first wave to be bots and lowballers.** The how-to guide that ships alongside this pack covers the standard scams and the safe way to handle a \$3,200 local cash sale.

Listing A: Blue #1 — the cleanest unit

Title	40 ft High Cube Shipping Container (9'6" Tall) — Clean Blue Unit
Price	\$3,200
Category	Garden & Outdoor (Facebook has no container category — pick from what the composer suggests)
Condition	Used - Good
Unit ID	OCBU 501010-8

Description — copy and paste as written

40 ft HIGH CUBE shipping container — 9'6" tall, a full foot taller than a standard container. This is the cleanest of the four we have for sale.

SIZE: approx. 40' long x 8' wide x 9'6" tall outside; roughly 2,690 cu ft of storage inside.

CONDITION (2013 build):

- Doors open, close, and lock properly; door seals intact
- Interior is clean, dry, and completely empty — solid wood floor
- Checked from inside with the doors shut: no daylight through the walls or roof
- Normal surface scuffs and light rust for a used container — nothing structural
- Original CSC data plate still on the door (photo included)

Great for storage, a workshop, a jobsite box, feed/equipment storage, or a container build project.

PRICE: \$3,200. Located in Las Cruces at our yard — wide open gravel access, easy in-and-out for a truck and trailer. Buyer arranges transport (local tilt-bed container haulers service this area). We have FOUR 40 ft high cube containers available — message us or call/text (575) 522-2852.

Notes for this listing

- This is the strongest unit — list it first and use it to set the tone.
- IMG_6690 has a pickup truck behind the fence in the background (plate not readable). Fine to use, or crop if you prefer.

Photos — upload in this order (7 photos)

1. IMG_6689.JPEG

2. IMG_6691.JPEG

3. IMG_6692.JPEG

4. IMG_6693.JPEG

5. IMG_6687.JPEG

6. IMG_6688.JPEG

7. IMG_6690.JPEG

Listing B: Blue #2 — solid, some corner rust

Title	40 ft High Cube Shipping Container — Solid & Dry, Storage Ready
Price	\$3,200
Category	Garden & Outdoor (Facebook has no container category — pick from what the composer suggests)
Condition	Used - Good
Unit ID	HAHU 501846-9

Description — copy and paste as written

40 ft HIGH CUBE shipping container — 9'6" tall (one foot taller than a standard container), 2013 build, solid and dry.

SIZE: approx. 40' long x 8' wide x 9'6" tall outside; roughly 2,690 cu ft of storage inside.

CONDITION:

- Doors open, close, and lock properly
- Interior is clean, dry, and empty — solid wood floor, walls tight
- Checked from inside with the doors shut: no daylight through the walls or roof
- Some surface rust on the rear corner posts and door edges — cosmetic, the steel is sound
- Original CSC data plate on the door (photo included)

Perfect secure storage for a ranch, jobsite, or business — or the starting point for a container project.

PRICE: \$3,200. Las Cruces — easy truck and trailer access at our yard. Buyer arranges transport; local tilt-bed haulers service this area. We have FOUR 40 ft high cube containers available — message us or call/text (575) 522-2852.

Notes for this listing

- Twin of Blue #1 (same builder, same year). The honest line about corner rust is deliberate — it pre-answers the question every buyer asks in person.

Photos — upload in this order (7 photos)

1. IMG_6695.JPEG

2. IMG_6696.JPEG

3. IMG_6698.JPEG

4. IMG_6699.JPEG

5. IMG_6694.JPEG

6. IMG_6700.JPEG

7. IMG_6697.JPEG

Listing C: Red #1 — sun-faded, storage ready

Title	40 ft High Cube Shipping Container — Dry Inside, Priced to Move
Price	\$3,200
Category	Garden & Outdoor (Facebook has no container category — pick from what the composer suggests)
Condition	Used - Fair
Unit ID	INKU 222617-5

Description — copy and paste as written

40 ft HIGH CUBE shipping container — 9'6" tall (a foot taller than standard). An honest working container: the paint is sun-faded with rust spots on the outside, but the box itself is tight and dry.

SIZE: approx. 40' long x 8' wide x 9'6" tall outside; roughly 2,700 cu ft of storage inside.

CONDITION:

- Doors open, close, and lock properly
- Interior is clean, dry, and empty — solid wood floor
- Checked from inside with the doors shut: no daylight through the walls or roof
- Exterior paint is faded with surface rust streaks — cosmetic; priced accordingly
- Original CSC data plate on the door (photo included)

If you need dry, secure, critter-proof storage and don't care about looks, this is your container.

PRICE: \$3,200. Las Cruces — wide-open yard access, easy load-out. Buyer arranges transport; local tilt-bed haulers service this area. We have FOUR 40 ft high cube containers available — message us or call/text (575) 522-2852.

Notes for this listing

- Do NOT use IMG_6706 (a person is partially visible at the frame edge) or IMG_6708 (duplicate of 6707).

Photos — upload in this order (7 photos)

1. IMG_6702.JPEG

2. IMG_6705.JPEG

3. IMG_6707.JPEG

4. IMG_6709.JPEG

5. IMG_6701.JPEG

6. IMG_6713.JPEG

7. IMG_6703.JPEG

Listing D: Red #2 — work-box grade

Title	40 ft High Cube Shipping Container — Work Box, Doors & Floor Solid
Price	\$3,200
Category	Garden & Outdoor (Facebook has no container category — pick from what the composer suggests)
Condition	Used - Fair
Unit ID	MWLU 856483-7

Description — copy and paste as written

40 ft HIGH CUBE shipping container — 9'6" tall (a foot taller than standard). This is the work-box of the group: dents in the lower side panels and patched paint from its shipping days, priced as-is — but the doors work, the floor is solid, and the inside is clean and dry.

SIZE: approx. 40' long x 8' wide x 9'6" tall outside.

CONDITION:

- Doors close and lock with all hardware present
- Interior is clean, dry, and empty — solid wood floor
- Checked from inside with the doors shut: no daylight through the walls or roof
- Cosmetic dents and ripples in the lower side panels; rust streaking at the door end; overpainted patch repairs on one side — all shown honestly in the photos
- Original CSC data plate on the door (photo included)

Nobody will mistake it for new, but for jobsite or yard storage it will outlive us all.

PRICE: \$3,200. Las Cruces — easy truck and trailer access. Buyer arranges transport; local tilt-bed haulers service this area. We have FOUR 40 ft high cube containers available — message us or call/text (575) 522-2852.

Notes for this listing

- The pasted paper weight labels on this one's doors carry standard-height capacity figures, but the unit is confirmed the same 9'6" height as the other three — if a sharp-eyed buyer asks about the label, that's the answer: the labels were re-applied at a depot, the steel is high cube.
- Skip IMG_6715, IMG_6728, IMG_6731 (duplicates) and IMG_6724 (blank end panel, adds nothing).

Photos — upload in this order (8 photos)

1. IMG_6722.JPEG

2. IMG_6727.JPEG

3. IMG_6730.JPEG

4. IMG_6734.JPEG

5. IMG_6714.JPEG

6. IMG_6718.JPEG

7. IMG_6721.JPEG

8. IMG_6723.JPEG
